General Quotes

“**To say that the *Times* is a Jewish newspaper is to state a fact, since it was founded and owned by Jews**, the Ochs-Sulzberger lineage. To say it, though, is also to invite the usual canards about Jewish control of the media, to risk resurrecting those slurs about ‘*The Jew York Times*’ or the sly, cunning way ‘*Times*’ could be read backward as ‘Semite’.”

(https://www.tabletmag.com/sections/news/articles/remembering-arthur-gelb)

(https://archive.ph/JXvYu)

“Given the newspaper's influence on the U.S. national agenda, as well as that New York has over 1.7 million Jews, and that **the newspaper is Jewish-owned**, a book about Jews and Judaism in The New York Times is timely, indeed overdue. The newspaper's awareness of its Jewish readership is evident from the fact that, according to the author's estimate, **13% or 2000 of the 15,000 articles about religion published in the 30-year period examined dealt with the Jewish religion**.”

Richard Nixon: “Newsweek is totally, it’s all run by Jews and dominated by them in their editorial pages, the New York Times, the Washington Post, totally Jewish too.”

Billy Graham: “This stranglehold has got to be broken or this country is going down the drain.”

Richard Nixon: “Do you believe that?”

Billy Graham: “Yes sir.”

Richard Nixon: “I can’t ever say it, but I believe it.”

Conclusion

In conclusion, the New York Times is 45.89% Jewish, the Cable News Network is 40.51% Jewish and the combination of both as the 2 most visited news sites is 43.17% Jewish. These numbers prove a staggering Jewish over-representation within the American News Media. Outside of the 2 biggest news sites there are many other News Companies who were founded and are led by Jews, shown in the Miscellaneous section, although some examples less than others and some do not list public employees or very little. So what was shown in the Miscellaneous section was some select factions, same for the section of the Mass Media Corporations who own various News Companies.
